

Functional Test Automation With Eclipse Jubula

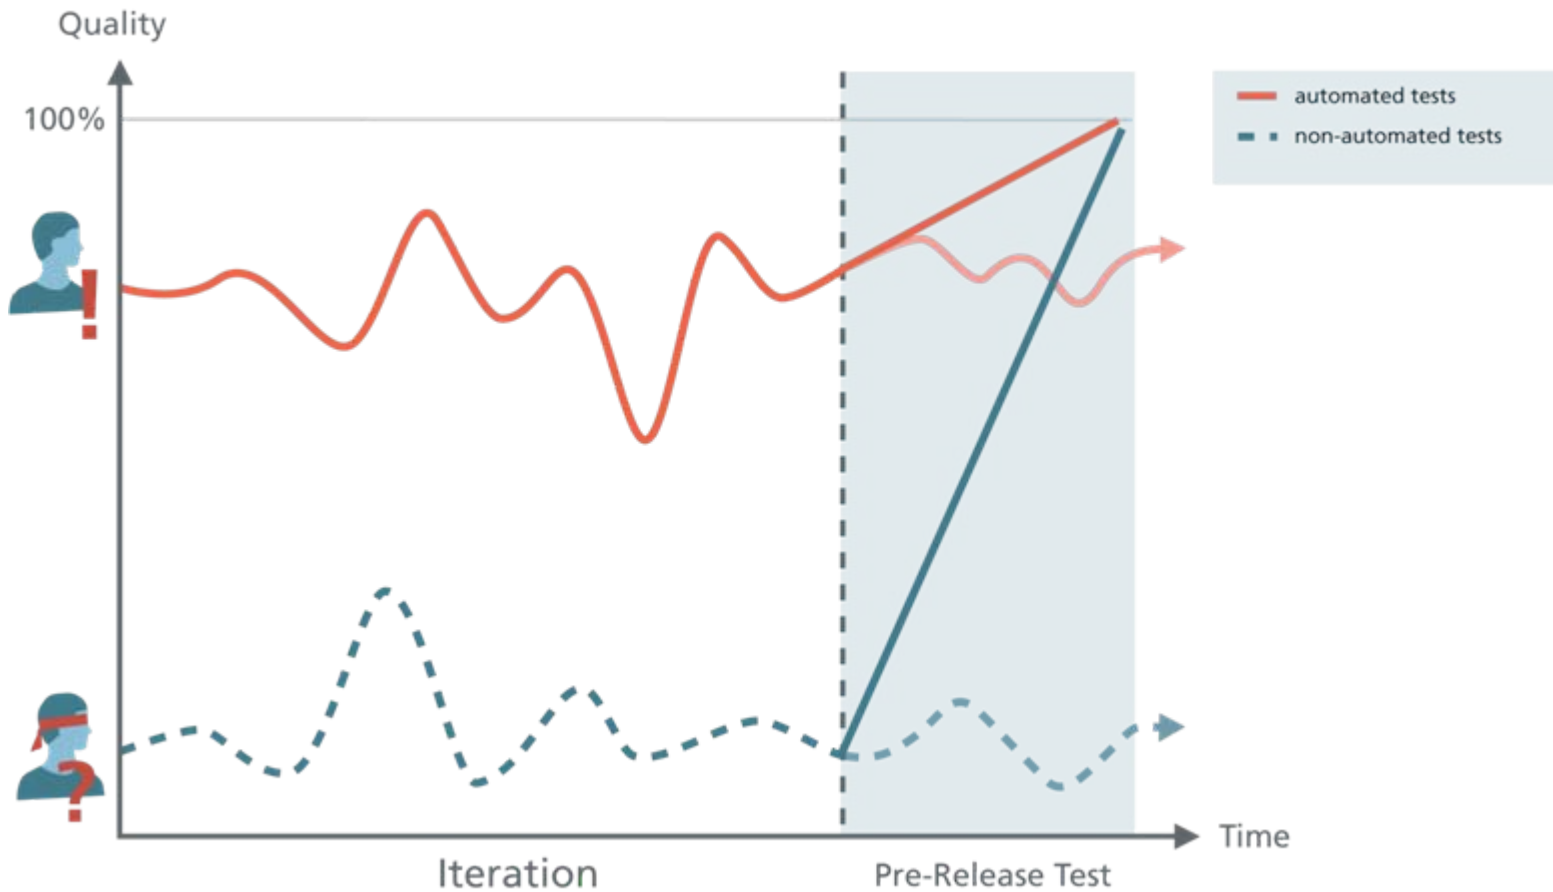

Alexandra Imrie und Achim Lörke

BREDEX GmbH

JAX 2011

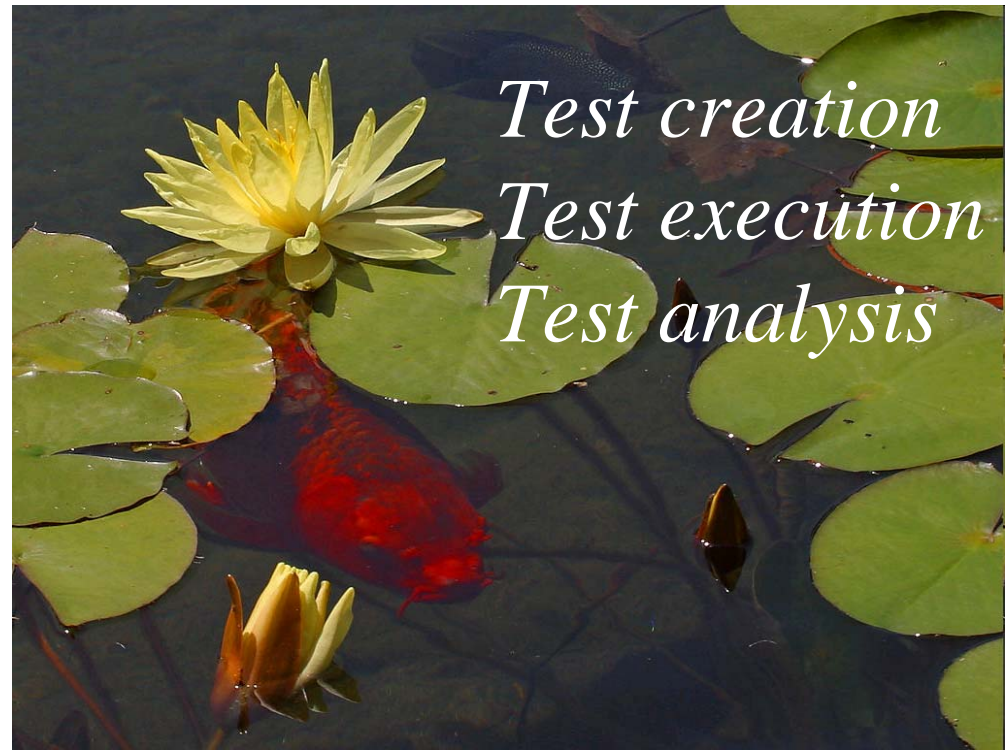

Acceptance testing: early and continuously

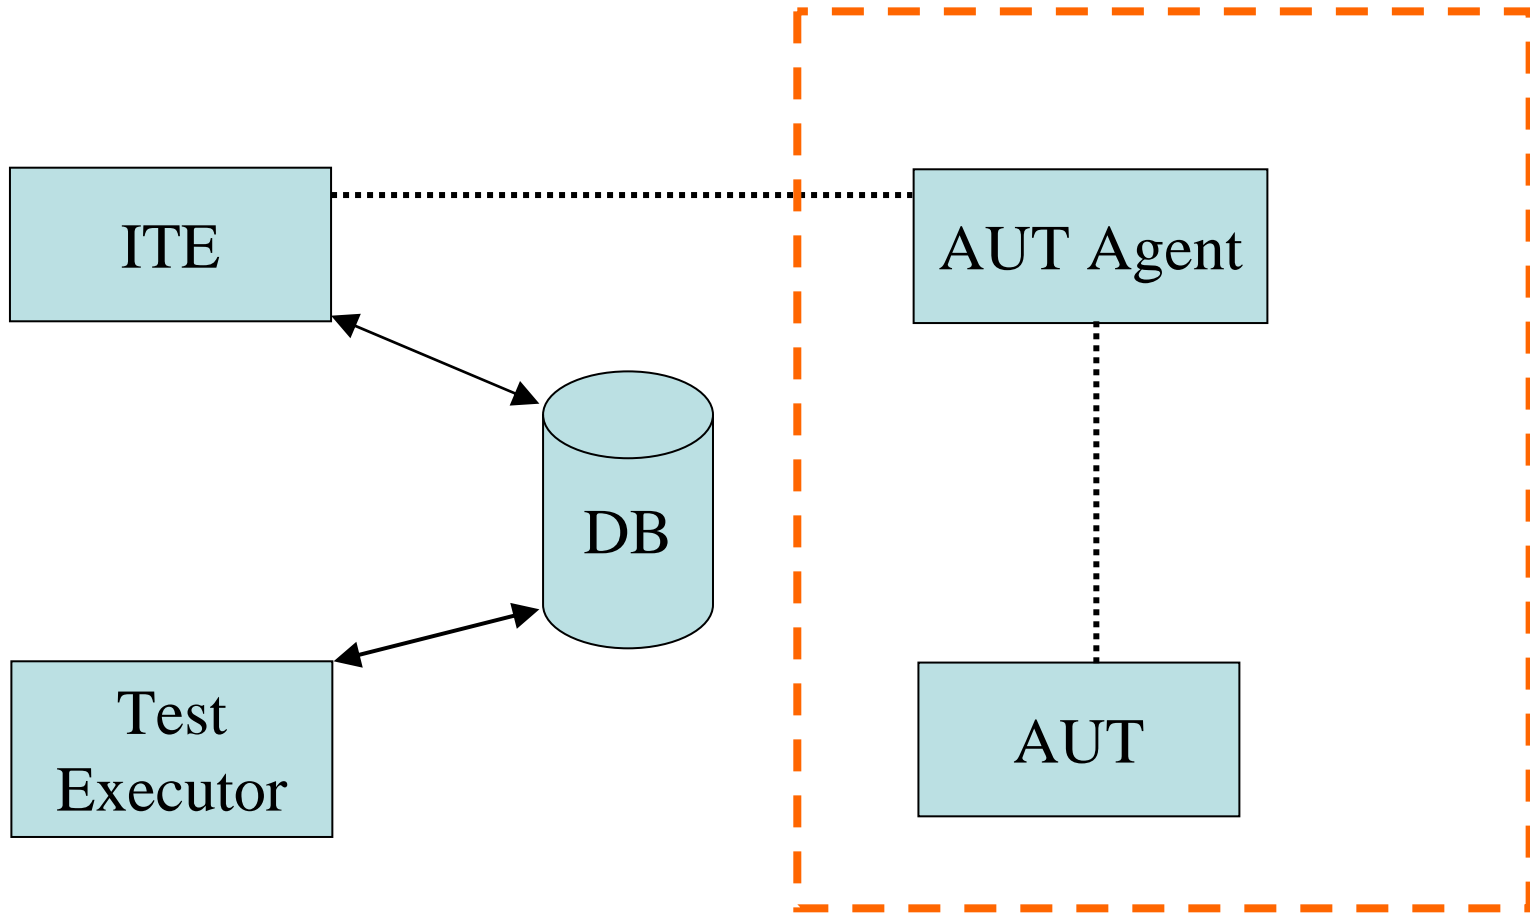

How is Jubula different?

- Not capture-replay
- No programming effort
- Best Practices

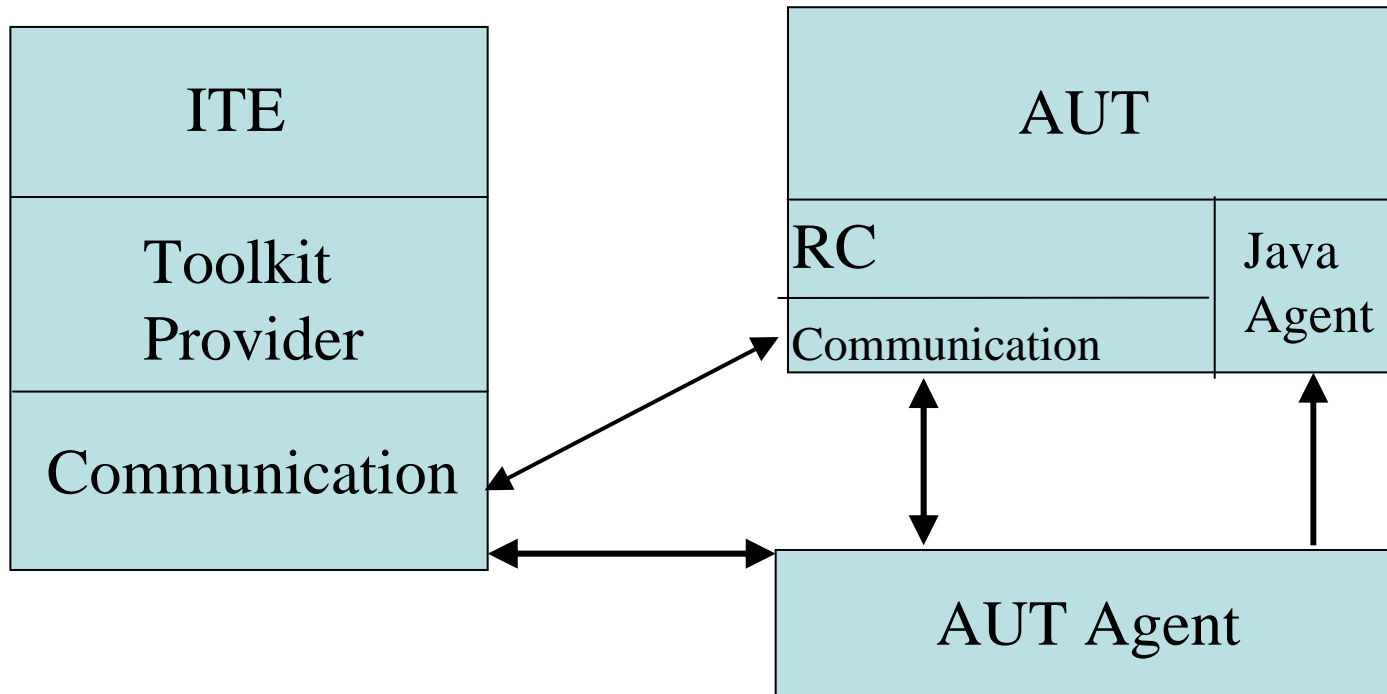

Test creation
Test execution
Test analysis

Jubula components

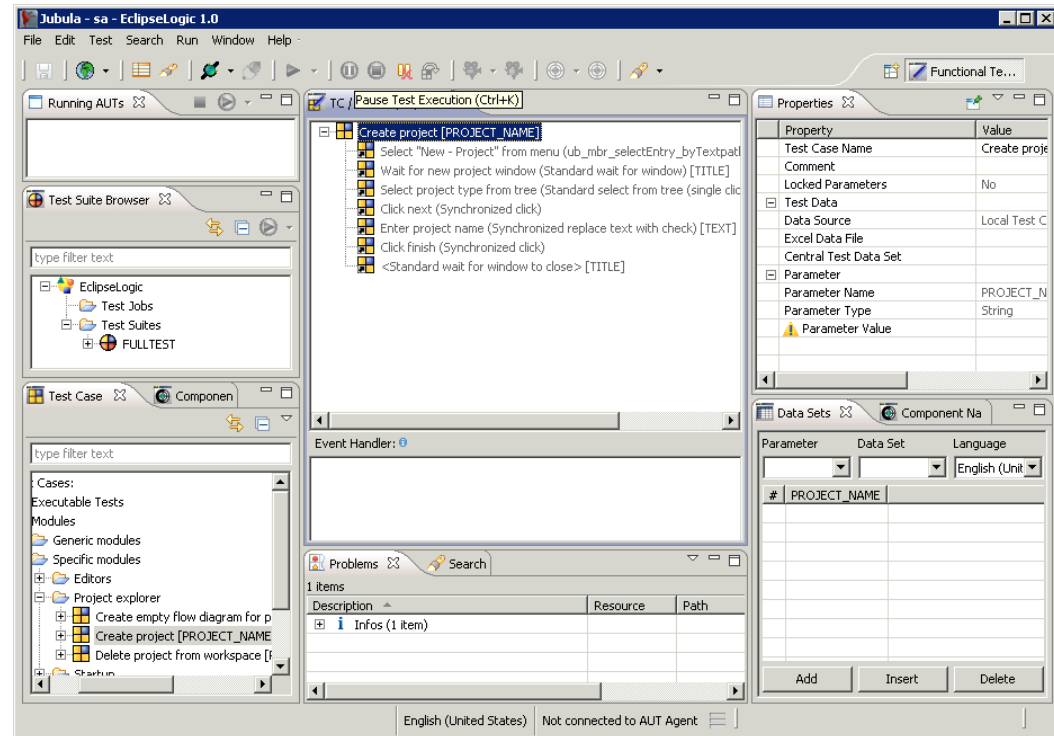

Jubula architecture

Demo

- Extension
- Test execution & analysis

Where and how to start

- Version 1.0 with Eclipse Indigo
 - Released with GUIDancer 5.1
- Pre-release version now available
 - <http://www.eclipse.org/jubula/download.php>
 - <http://www.eclipse.org/jubula/start.php>
- Join in!
 - <http://www.eclipse.org/jubula/developers.php>
- Training and support
 - <http://www.bredex.de/en/guidancer/training.html>
